

This free writing prospectus relates only to the shares of common stock described below and should be read together with the preliminary prospectus dated April 1, 2013 (the "Preliminary Prospectus") included in Amendment No. 2 to the Registration Statement on Form S-1 (Registration No. 333-187145) relating to these shares. The following information supplements and updates the information contained in the Preliminary Prospectus.

<b>Common stock offered by us</b>	7,320,000 shares. The size of the offering has been increased from the 6,100,000 shares reflected in the Preliminary Prospectus.
<b>Common stock to be outstanding after this offering</b>	24,410,085 shares
<b>Over-allotment option</b>	We have granted to the underwriters the option, exercisable for 30 days from the date of this free writing prospectus, to purchase up to 1,098,000 additional shares of common stock. The number of additional shares of common stock that may be purchased pursuant to this option has been increased from the 915,000 shares reflected in the Preliminary Prospectus.
<b>Initial public offering price</b>	\$14.00 per share
<b>Net proceeds</b>	We estimate that we will receive net proceeds of approximately \$93.2 million (or approximately \$107.4 million if the underwriters' over-allotment option is exercised in full) from the sale of the shares of common stock offered by us in this offering, after deducting underwriting discounts and commissions and estimated offering expenses payable by us.
<b>Use of proceeds</b>	We intend to use the net proceeds of this offering for research and development expenses related to CMX001, general operating expenses, debt service payments and other working capital purposes.
<b>Participation</b>	Aisling Capital III, L.P. has agreed to purchase an aggregate of \$15.0 million in shares of our common stock in this offering at the initial public offering price, but entities affiliated with certain of our existing stockholders and directors will not be purchasing shares of our common stock in this offering.
<b>Additional information</b>	The potency of Letermovir (or effective concentration, EC <sub>50</sub> ) is incorrectly stated on page 86 of the Preliminary Prospectus as 0.05 $\mu$ M, but is correctly stated on page 87 of the Preliminary Prospectus as 0.0051 $\mu$ M.
